Description: Strictly off limits to the public, Plum Island is home to virginal beaches, cliffs, forests, ponds -- and the deadliest germs that have ever roamed the planet. Lab 257 blows the lid off the stunning true nature and checkered history of Plum Island. It shows that the seemingly bucolic island in the shadow of New York City is a ticking biological time...

Review: very intriguing book about the germ warfare lab situated in very close proximity to both the Atlantic Flyway used by migratory birds and also to the Hamptons, where Americas elite hang out. The authors research and interviews with former lab personnel ads much credibility to the book. It is NO coincidence that Lyme and other rickettsial (tick borne)...
